### Harmony Day

**Date: March 21**

Harmony Day, an Australian Government initiative that began in 1999, provides Australians with an opportunity to think about our community's success as a multicultural society, re-commit to continuing tolerance, goodwill and understanding among all groups, and say no to racism. Harmony Day falls on 21 March each year and coincides with the United Nations International Day for the Elimination of Racial Discrimination.

### Earth Hour

**Date: March 27**

Created to take a stand against the greatest threat our planet has ever faced, Earth Hour uses the simple action of turning off the lights for one hour to deliver a powerful message about the need for action on global warming.

## APRIL

### Australian Computers in Education Conference ACEC2010: Digital Diversity conference

**Date: April 6-9**

This conference will address this need for flexible technologies for flexible learners. It will examine ways that ICT can maximise student's own potential through their personal learning styles. It will investigate how ICTs can allow all people including those with diverse skills and thinking strategies become life long and creative learners
